New Design, Fully Loaded Combine Harvester

Preet Combine is india's most popular and ideal combine harvester now with new feature and colour. This is a self propelled combine harvester and ideal for harvesting of crop in wet land. We offer combine harvester with wide feature. Some of the features are stated as under :

Best paint quality

2.28m wide cutter bar for excellent performance under any paddy condition. Heavy duty single sheet drawn reel.

Wide crawler increases the surface contact of the machine & reduces the ground pressure. Higher level of tractive efficiency.

Grain tank can be emptied quickly with discharge tube. Discharge tube can be easily engage & Disengage with rods & latch assy.

Easy to open elevators for maintenance and service.

Long distance focus lights.

Well designed sieve section has a large cleaning area for optimum grain efficiency.

The four straw walker work in perfect coordination with the threshing mechanism which ensures optimum grain efficiency.

Comfortable cushioned driver seat

Large & wider operator platform & roof ensures maximum comfort for the operator during working

Heavy duty sprocket for long life. More width of track roller increases grip between rollers & crawlers. minimize the surface pressure

HST transmission enables to drive the machine at infinite speed ratio with maximum efficiency. front & rear movements of levers control the forward & reverse motion of machine. High quality eaton pump & hyd. motor used.

Stainless sheet used for long life of parts which are subjected to more wearing.

Prongs adjusting lever provided.

New design control panel for better display & easily operate all levers & switches.

Provided cover for all moveable parts

Cutter bar safety cylinder.

Light weight of machine & wide crawlers help us to harvest in deep paddy condition.
